Rooted in Himalayan Majesty Commanding 90% of Shilajit & Yarsagumba Sourcing

Origin – The Power of the Himalayas

Proven through millennia in the world's highest mountains, our products originate in the pristine and mineral-rich regions of the Himalayas — places where nature operates at its most powerful.

As stewards of 90% of the global market supply for Shilajit and Yarsagumba, our ethical sourcing partnerships and controlled harvesting networks ensure unmatched authenticity, traceability, and premium quality.

Shilajit – Essence of the Himalayas

Ancient botanical matter transformed over centuries within Himalayan rocks, Shilajit is revered for its fulvic minerals and rejuvenating properties.

- ✓ Carefully purified and concentrated resin
- ✓ Supports energy, vitality, and balance
- ✓ Harvested at the highest altitudes

Yarsagumba – Nature's Rare Alpine Treasure

A rare fungus-caterpillar fusion indigenous to high Himalayan terrain, Yarsagumba is traditionally valued for enhancing stamina and overall vitality.

- ✓ Limited in supply, seasonal harvesting
- ✓ Ethically sourced and carefully handled
- ✓ Checked for natural purity, strength and authenticity.

Our Dominance & Commitment

- ✓ Direct control over Himalayan sourcing
- ✓ Leading market share of these natural treasures
- ✓ Prestigious and ethical wellness heritage
